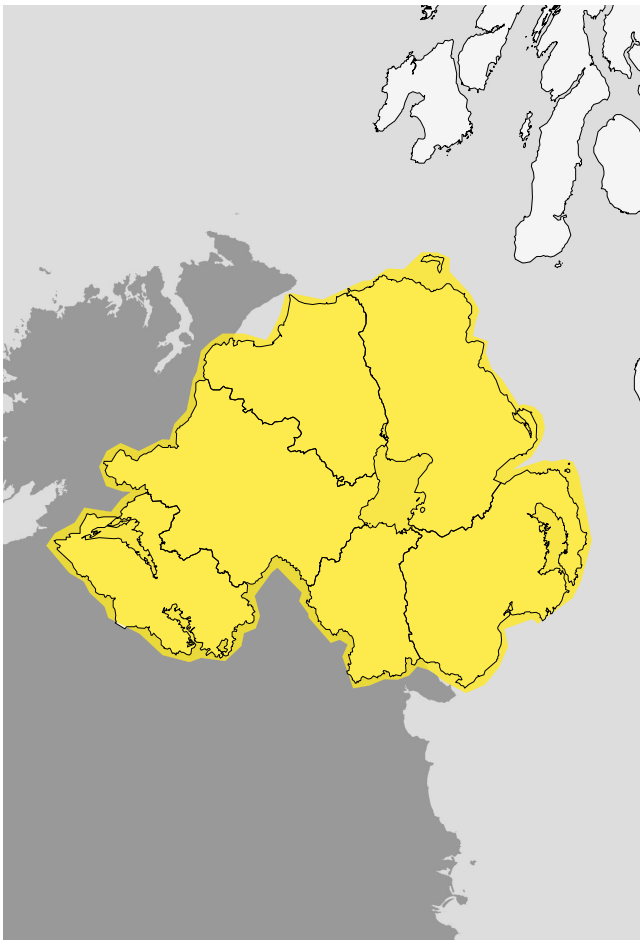
Yellow warning
Wind

Between
11:00 Sun 24 Nov 2024 and
18:00 Sun 24 Nov 2024



Strong winds associated with Storm Bert are likely to cause some disruption to travel and utilities

What to expect

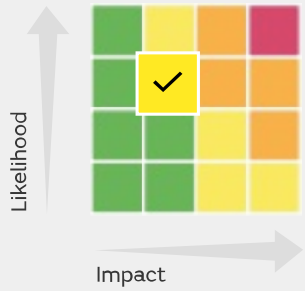
- Some delays to road, rail, air and ferry transport are likely
- Probably some bus and train services affected, with some journeys taking longer
- Delays for high-sided vehicles on exposed routes and bridges likely
- Some short term loss of power and other services is possible
- It's likely that some coastal routes, sea fronts and coastal communities will be affected by spray and/or large waves

Further details

Strong southwesterly winds are expected to develop during Sunday morning across Northern Ireland. Gusts of 45-55 mph are expected widely with gusts of up 65 mph possible over hills and exposed locations around the coast. Winds will gradually ease during Sunday night.

What should I do?

Give yourself the best chance of avoiding delays by checking road conditions if driving, or bus and train timetables, amending your travel plans if necessary.



✓ Medium likelihood of low impacts

18:00 Sun 24 Nov 2024

Further Details (continued)

People cope better with power cuts when they have prepared for them in advance. It's easy to do; consider gathering torches and batteries, a mobile phone power pack and other essential items.

If you are on the coast, stay safe during stormy weather by being aware of large waves. Even from the shore large breaking waves can sweep you off your feet and out to sea. Take care if walking near cliffs; know your route and keep dogs on a lead. In an emergency, call 999 and ask for the Coastguard.

Be prepared for weather warnings to change quickly: when a weather warning is issued, the Met Office recommends staying up to date with the weather forecast in your area.
